Depreciation of Property, Plant and Equipment	Page 11

Overview and Summary

The main focus of this budget are the projects outlined in the Depriciation Schedule.

This Budget is focused mainly on having an even better FSI than last year which stood at 1%.

The Council is also working on two major tenders: the furnishings of the new local Council offices and the construction of the Pavilion i.e Cultural and Info Centre in Gnien I-Istazzjon. Both projects are in delay with snags either due to the contractor not being able to meet up to the specs supplies or that over the times prices have increased. The new Local Council offices project was not concluded by end 2022. The contractor, has financial difficulties in subcontracting the works and this is delaying the works by months, including the offset period where moving to the new local Council offices would have resulted in an 18 month free rent period. The Council is also being evicted in June 2023 thus new relocation of the local Council offices is a priority.

The tender for the refurbishment of Gnien il-Palma has not yet been published due to the constant changing and non-agreeance from Project Green on the technical specs. Thus, this contract is also in delay of being published and awarded, let alone be executed. The Gnien Karm Debono project though applied for through the Project Green Funding has not gone through and for the moment has been shelved. There are also plans for the resurfacing of major roads such as Triq il-Linja, which is presently being carried out whilst the Housing Estate Area and the roads around Triq is-Sieqja, Zir, Qamh which have been affected by the Central Link Project have now been completed. Further ongoing works for this year include the resurfacing of Triq Victor Vassallo by Infrastructure Malta and the completion of the one million euro project associated with water catchments in Triq ir-Ruzell. Ta' Qali is also undergoing a major structural change which is affecting traffic flow in H'Attard. The project is also very slow moving and the constant closure of roads especially when it comes to exit and entry are affecting traffic flow in H'Attard.

The Council will also continue on the Government's intent for cleaner localities, well maintained open public spaces and an increased level of sustainable localities. The other main focuses will be the social aspect which are slowly getting back to normal. Most activities were halted and this has greatly affected the social aspect of our village were activities were on the monthly agenda of most organisations such as band clubs and the Parish Office. Hopefully, such will resume soon enough to continue with our preset objectives of offering our residents new initiatives and new standard of livings.

Mayor

Executive Secretary

Statement of Income and Expenditure

1st January till End of June 2023 (Quarter 2)
